

How to locate your serial number:

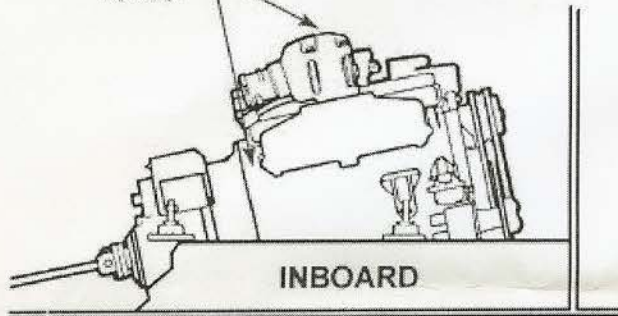

MerCruiser Sterndrives:

The **engine** serial number tag is located near the **starter** (by the **flywheel housing**), the rocker arm or **flame arrestor cover**.

The **sterndrive** serial number tag is located on the **upper drive shaft housing** (starboard side or on the back of the housing)

Engine Model,
Horsepower, and Serial
Number

MerCruiser Inboard Engines:

The **inboard engine** serial number is located on the plate or sticker on the **swivel mounting bracket** that mounts the engine to the boat.
